

Scott Stookey

Scott Stookey is an ICC Senior Technical Staff member with Product Development where he is responsible for the preparation of text and workbooks addressing fire protection, life safety and hazardous material provisions in the I-codes.

Scott is a graduate of the Fire Protection and Safety Engineering Technology program at Oklahoma State University and was a fire protection engineer with the Austin (TX) and Phoenix (AZ) Fire Departments. He has an extensive background in hazardous materials, high pile storage, manufacturing processes and emergency response. Scott has published over 10 articles in journals and books. Scott instructs IBC fire-related and IFC seminars for ICC.
